Questions For Reflection and/or Discussion:

- Knowing that our Christian life is highly dependent on the quality of our fellowship, how satisfied are you with the quality of your fellowship? Do you sense anything missing?
- What do you envision happening if your fellowship practiced the mandates Paul writes in Romans 12:3-16?
- What is keeping you from sharing your spiritual gifts? What needs to happen for you to discover and use them?
- What qualities of love in verses 9-16 intrigue or intimidate you, if any? How can each of these be practiced?
